

Drive Clean and Green Across Georgia

Mark Your Calendar!

July 31, 2006

Sponsored by Middle Georgia Clean Cities Coalition

A caravan of hybrids and alternative fuel vehicles will embark on a day-long, state-wide trek from Atlanta to Tifton. This event is the first of its kind in Georgia and will introduce the public to the latest in high-efficiency hybrids, alternative fuel and flexible-fuel vehicles.

The program will educate citizens on the benefits of fuel economy and renewable alternative fuels in terms of saving money, reducing oil imports, and reducing greenhouse gas emissions. This caravan is the prelude to the *Georgia Bioenergy Conference 2006* being held in Tifton on August 1-3. Register here <http://www.gabioenergy.org/register.html>
